Summer Reading Program 2017

Summer Challenge

June 17th - August 12th (for kids ages 3-12)

We'll have 8 weekly challenges this summer that kids can complete for prizes. If they complete 5 of the 8 challenges, they earn a free book. The weekly challenges will be available at the Youth Reference Desk and online starting June 17th. In the instructions of each challenge there is a starting date and the earliest date each challenge can be turned in for a prize.

For example: Summer Reading Challenge 4 can be picked up or printed from our webpage as early as June 17th. It would include activities that start on July 8th but cannot be turned in for prizes until after July 15th.

All challenges must be turned in and redeemed by August 31st. This will be the last chance to receive prizes (while supplies last) and a book if your child completed at least 5 challenges (guaranteed). Ask a librarian for more details.

This year we are asking for your help. We want to know if participating in our Summer Reading Program is beneficial to your child and in what ways we can better serve our community. We will have a survey toward the end of the program with just a few questions to help provide us with a better understanding of how our services affect our children, our community and how we can improve our offerings.

SRP Kickoff Party (for all ages)

Saturday, June 17th

10:00am - 1:00pm

Join us for our kickoff party anytime between 10:00am and 1:00pm! Kids can register for our Summer Reading Challenge and do a couple of crafts. Face Flair returns to do face painting from 10:00am - 1:00pm. Staff will be on hand to teach simple balloon twisting to anyone interested. *No registration required.*

1,000 Books Before Kindergarten Reading Program

Research shows that the most reliable predictor of school success is being read to at home during early childhood. The brain develops more rapidly during the first three years of a child's life than at any other time during their lifespan. Reading to children from an early age can help close the vocabulary gap and prepare children to enter kindergarten with the skills they need to succeed. Register for 1,000 Books Before Kindergarten at the Youth Reference Desk at any time throughout the year. You'll get a folder with more information and your first reading log. Kids will get prizes along the way and a free book when they reach 1,000 books! There is now a 1,000 Books Before Kindergarten app available for iPod and Android. Ask a librarian about it.
